Important notes for the Course and the Exams :

- No questions will be answered on the day of an exam.
- There is no make-up exam unless there is a very good reason. Do not assume that just because you have got a health report from the Student Health Centre, Family Physician, etc for a very flimsy reason (headache, nausea, stomach pain,etc.) you will be eligible to take a make-up exam. In other words you will not be given a make-up exam unless you have a very **SERIOUS HEALTH PROBLEM** or a very **LEGITIMATE REASON** which you must inform me **BEFORE** the exam and in a way you must convince me. If I have to give a make-up exam there will be only one such exam and you will be responsible from all the topics covered during the term.
- **Please check your e-mail and Math 420 page on ODTÜClass regularly.**
- Please check the dates and times of all your exams **ASAP**. If you have two exams at the same time it is **YOUR RESPONSIBILITY** to speak to your instructor(s) without any delay so that he/she can make the necessary changes.
- If you miss 2 exams you will be assigned the letter grade NA.
- If the result of your Exam 1+the result of your Exam 2 is less than or equal to 15 out of 67 (or 30 out of 134) or if you miss one of the first 2 exams and the result of the exam you did not miss is less than or equal to 14 out of 66 (or 28 out of 132) you will not be admitted to Exam 3 (Final Exam) and your letter grade will be NA.
- **A number of exercise sets will be sent via e-mail (They will also be uploaded to ODTÜClass). Sometimes an exercise set may contain definitions or results not given in the classroom and you will be expected to learn them.**
- Attendance will be taken randomly 15 times.
